

IWK Research & Innovation Advancement

Registering in the ROMEO Researcher Portal & Introduction to applying to IWK Research Programs

The ROMEO Researcher Portal is a web-based system established to provide electronic submission, review and approval processes for grant/award applications and research ethics board (REB). It may be accessed by research team members and supports collaborative editing and development of applications. This is meant to get you started.

To log in into the ROMEO Researcher Portal <u>click here</u>. Registration is required the first time the ROMEO Researcher Portal is accessed.

EXISTING RESEARCHERS: All study team members (Principal Investigators, Research Coordinators, etc.) named on existing projects, are already registered in ROMEO. Reset Password is all that is required. Enter ROMEO using the website address above, using your email address as your Username and click Reset Password. You'll receive an automated email with a Confirmation Code and web link to reset your password. If your Username (email address) is not recognized, please contact

<u>research@iwk.nshealth.ca</u>. We will verify the address recorded in ROMEO and make any necessary corrections.

Log Inguns Passare	

NEW RESEARCHERS: To register click on the Register button on the login page.

IMPORTANT: Researchers must maintain only one login in order to ensure access to all relevant studies. Multiple logins will interfere with study notifications and may result in lost records. Your email address is used as the Login ID. Once you are logged in Click on "Apply New" on the right-hand side.
