Gynecologic Reproductive Endocrinology and Infertility (GREI) Sub-Specialist

Academic Clinical Faculty Position 1.0 FTE (0.75 FTE AFP & 0.25 FTE Private Practice)

Department of Obstetrics and Gynaecology, Dalhousie University, IWK Health Centre & Atlantic Assisted Reproductive Therapies (AART)

Applications are invited for the position of GREI sub-specialist in the Department of Obstetrics and Gynaecology, IWK Health Centre & Dalhousie University. The successful candidate will possess an MD plus FRCSC or equivalent certification and have completed a fellowship program in Reproductive Endocrinology and Infertility.

This position is part of a group practice and the incumbent will hold a continuing appointment with Dalhousie University. The clinical and academic responsibilities will be carried out at the IWK Health Centre and AART, a modern, University affiliated clinic located within walking distance of the IWK Health Centre. Halifax, Nova Scotia is known for its vibrant lifestyle. Nova Scotians have access to over 40 beaches on our 7,400 km coastline. Nova Scotia is an attractive place for families with both English and French public schools and 10 universities, and is driving distance to all Atlantic Canadian vacation destinations including the Cabot Trail in Cape Breton, NS and Prince Edward Island.

As this is an academic clinical faculty position, the successful candidate will be expected to contribute to the university teaching program, conduct or participate in biomedical or clinical research, and assume some administrative responsibilities. Academic rank upon appointment will be dependent upon qualifications and experience. The candidate will be a member of the Division of GREI within the Department of Obstetrics and Gynaecology. For candidates with significant administrative and leadership experience, this role could include the responsibilities of Division Head and Medical Director of AART. The Department will give priority to applicants with experience and expertise in all clinical activities, with preference to applicants with reproductive surgery experience. Also, a demonstrated aptitude and interest in research and/or leadership would be an asset.

Dalhousie University commits to achieving inclusive excellence through continually championing equity, diversity, inclusion, and accessibility. The university encourages applications from Indigenous persons (especially Mi'kmaq), persons of Black/African descent (especially African Nova Scotians), and members of other racialized groups, persons with disabilities, women, and persons identifying as members of 2SLGBTQIA+ communities, and all candidates who would contribute to the diversity of our community. For more information, please visit www.dal.ca/hiringfordiversity.

If you require any support for the purpose of accommodation, such as technical aids or alternative arrangements, please let us know of these needs and how we can be of assistance. Dalhousie University is committed to ensuring all candidates have full, fair, and equitable participation in the hiring process. Our complete Accommodation Policy can be viewed [here](#).

Applicants should submit their curriculum vitae along with a brief statement of their prior experience and their particular areas of interest (clinical, teaching, research) by **February 5, 2024**.

For further information, email: zoel.zecca@iwk.nshealth.ca

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
