

IWK RESEARCH & INNOVATION ADVANCEMENT
Self Declared Income Statement - for Research Participants

Any study participant receiving cash or cheque compensation or reimbursement of study expenses (without receipts; example gas or meal receipts) is required to sign this *Self Declared Income statement* for the amount provided. This form can be used in lieu of a signed receipt at the time the payment is made. Alternately, it may be signed by the participant in advance of the payment, and serves as support documentation for studies where the participant is to receive an IWK Cheque at a later date. The Self-Declared Income Statement should accompany the [RESEARCH-General Reimbursement and Travel Form](#). Copies of the completed form may also serve as study documentation of payment.

Principal Investigator:

Study Title:

I, _____ hereby acknowledge that I will receive the sum of _____ from the IWK Health Centre as a subject payment for participation in the above named research study.

I understand this payment is taxable and that it is my responsibility to report it on my income tax return as the IWK Health Centre will not be issuing a T4A for this payment.
