When to come in to Early Labour Assessment

REASONS TO COME TO ELAU Greater than 20 weeks gestation

Severe abdominal pain

If you think your water is broken

Cramping or contractions before 36 weeks that are not relieved by hydration or rest (>1hour)

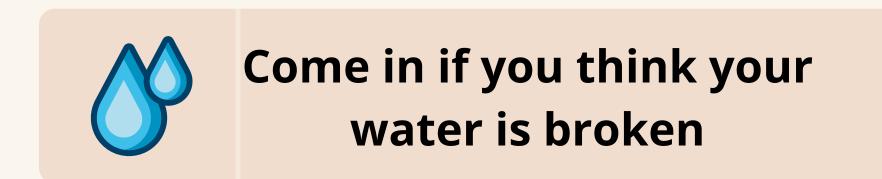

Are you in Labour with your FIRST BABY?

Come to the hospital when your contractions are less than 5 minutes apart, lasting about 60 seconds, and are uncomfortable.

If you are comfortable,at home, stay there! This stage may last for several hours. Come back to the hospital

when you aren't comfrotable any more

Are you in Labour and its NOT your first BABY?

Come to the hospital when your contractions are 5 minutes apart, lasting about 45-60 seconds, and are uncomfortable.

If you had a fast labour the last birth, come in as soon as your contractions

are regular, or you aren't comfortable anymore

Always come in if you think your water is broken

Vaginal bleeding Less than 20 weeks gestation?

Please see your primary care provider, or if emergency - go to your local adult emergency department.

Reasons NOT to come to ELAU

Any urgent non-obstetrical health concern: Go to adult emergency or walk-in clinic
