

# Request for Care: Newborns without a primary care provider

Newborns without a primary care provider (family doctor or nurse practitioner) can receive care at Primary Care Clinics upon discharge following birth.

You are being referred to:

- ☐ **Halifax Primary Care Clinic**  
7001 Mumford Road, Suite 101, Halifax, NS — 902-429-8764
- ☐ **Bayer's Lake Community Outpatient Centre**  
420 Susie Lake Crescent, Halifax, NS — 902-487-8291
- ☐ **Dartmouth South Primary Care Clinic**  
380 Portland Street, Dartmouth, NS — 902-465-7302
- ☐ **West Hants Primary Care Clinic**  
48 Gerrish Street, Windsor, NS — 902-472-2998
- ☐ **Sheet Harbour Primary Care Clinic**  
22637 Highway 7, Sheet Harbour, NS — 902-885-3026

Visit [primarycareclinics.ca](https://primarycareclinics.ca) for more information about your clinic. This Primary Care Clinic will provide your newborn's primary care until they are connected with a permanent family doctor or nurse practitioner up until 18 months of age.

## Need a Family Practice Registry

To be connected to a regular family doctor or nurse practitioner who will care for your newborn beyond this phase, you must be registered on the **Need a Family Practice Registry** and ensure your information is up to date. Patients who receive care at the Primary Care Clinics must be registered with the Need a Family Practice Registry or will be asked to register before their appointment.

To sign up for the **Need a Family Practice Registry**, call 811 or visit [needafamilypractice.nshealth.ca](https://needafamilypractice.nshealth.ca). If you have already registered, please regularly update your contact information and health questionnaire/information.

To learn more about where to go for care, scan the QR code or visit [nshealth.ca/wheretogoforhealthcare](https://nshealth.ca/wheretogoforhealthcare)
