About

The Division of Child and Adolescent Psychiatry at Dalhousie University, in partnership with the IWK Health Centre, presents a virtual educational seminar series on youth mental health

Key Features

- Free
- Locally produced, evidence-based continuing medical education
- Six one-hour seminars (45-minute presentation and 15 min Q&A)
- Virtual (Zoom) sessions held every other month

Accredited Continuing Education Series

An accredited seminar series that provides opportunity for frontline healthcare providers to connect with experts in the local Maritime context and learn about key topics in youth mental health.

This activity meets the certification criteria of the College of Family Physicians of Canada and has been certified by Dalhousie University Continuing Professional Development and Medical Education for up to 1.0 Mainpro+® Certified Activity credits.

This activity is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by Dalhousie University Continuing Professional Development and Medical Education. You may claim a maximum of 1.0 hours (credits are automatically calculated).

DALHOUSIE
UNIVERSITY

CONTINUING PROFESSIONAL
DEVELOPMENT &
MEDICAL EDUCATION

Educationally approved by Dalhousie University
Continuing Professional Development and Medical Education.
Internally supported by the Department of Psychiatry Research Fund.

Learning Objectives

At the conclusion of this series, participants will be able to:

1. Formulate evidence-based initial management plans for children and adolescents presenting with mental health concerns, incorporating both pharmacological interventions and psychoeducational strategies. (CanMEDS roles: Medical Expert and Scholar)
2. Coordinate appropriate referral pathways and collaborative care interventions by identifying the specific roles and resources available within the local mental health system. (CanMEDS role: Collaborator)
3. Evaluate the impact of social determinants of health on pediatric mental health outcomes in order to adapt treatment recommendations for diverse patient populations. (CanMEDS role: Health Advocate)
