

2025-26 Quality Improvement Plan

Updated: Jan 5, 2026

Priority	Measure	Description	2024-25 Performance	Q1	Q2	Q3	Q4	YTD	Year End Forecast	2025-26 Target
Patient Safety										
Provide Safe, High Quality Care	Serious Safety Event Rate (SSER)	Rolling 12 month Serious Safety Events expressed per 10,000 adjusted patient days	0.77	0.88	1.02			1.01		0.67
Access										
Provide Timely Access to Care	Surgical Long Waiters	The percentage of patients waiting more than the recommended time based on the patients assigned priority level	63% 1672 patients	60% 1692 patients	64% 1701 patients			64% 1701 patients		15% or less
	Length of stay (LOS) in the ED for admitted patients	Length of stay (triage time to ED departure) in the ED for admitted patients -90th percentile, measured in minutes-	704 min 90th percentile	658 min 90th percentile	594 min 90th percentile			636 min 90th percentile		546 min 90th percentile
Infection Prevention & Control										
Reduce Healthcare Acquired Infections	Infection Prevention and Control Measures	Hand Hygiene Compliance (Moments #1 and #4)	% Hand hygiene audit samples compliant for Moment #1 (before patient/patient environment contact) and Moment #4 (after patient/patient environment contact)	Moment #1: 84% Moment #4: 81%	Moment #1: 87% Moment #4: 86%	Moment #1: 94% Moment #4: 94%		Moment #1: 91% Moment #4: 90%		Moment #1: 85% Moment #4: 85%
		CLABSI	Central Line-Associated Bloodstream Infections per 1,000 central line-days	1.41	0.76	3.43		1.93		1.07
Safe & Healthy Workplace										
Keeping Our People Safe	Lost Time Incident Rate	Number of recordable incidents per 100 employees that resulted in lost or restricted days or job transfer, due to work related injury or illness	0.53	0.46	0.00			0.23		1.00
Patient Experience										
Improve Health Centre Wayfinding	Wayfinding Quick Survey Results	% of favourable responses to question "Did you have any trouble finding your way through the health center today?"	84% (21/25)	NA	50% (2/4)			50%		85%
Patient / Quality Outcomes										
Advance Improved Quality Improvement Outcomes	QPS Committees with (and achieving) quality improvement priorities and targets	% of QPS Committees meeting requirements to have quality improvement efforts with clearly defined timelines, accountability & follow up, and % of QPS Committees meeting or exceeding QI efforts	With targets: 81% Achieving: 61%	annual self-assessment survey completed in February 2025				With targets: 81% Achieving: 61%	N/A	With targets: 100% Achieving: 60%
