## Community Partnership Opportunities

In addition to Group Parenting Programs and Wellness Navigation services, Mental Health & Wellness Coordinators collaborate with community groups and organizations to support parenting and promote the well-being of children, youth, and families.

Partnership opportunities may include workshops, group discussions, educational sessions, and co-facilitation of existing community programs. Sessions can be explored based on the interests and needs of the community group.

To discuss potential partnership opportunities, topics of interest, or scheduling, please contact: **iwkreferral.cht@iwk.nshealth.ca**. One of our Mental Health & Wellness Coordinators will get back to you to explore how we can work together.
